Tork OptiServe® Coreless is a high-capacity toilet paper system for facilities where efficiency, sustainability and providing a great experience are key. It's a better alternative than conventional toilet paper and traditional jumbo rolls. The wide offer of dispensers means different needs within a facility can be met with only one type of toilet paper. Compared to conventional toilet paper, Tork OptiServe coreless rolls hold three times more paper and have no core and no wrap, creating much less waste

Key benefits:

- High capacity, refill less often and save time
- Serves up to 145 guests
- Half the storage space needed
- Certified Easy to use for washroom users and cleaners
- Slim, space-saving design that fits smaller washrooms
- Enclosed design protecting both rolls inside from being stained
- Carbon neutral – reduced and compensated
